

Launch the Eating Disorders Dream Bill!

Advocacy Training & EDC Lobby Day

Monday, April 30, 2007

Hotel Check-in & Basic Training (7:30-9 pm) Basic Training is recommended for all first-time advocates. EDC staff will define public policy, explain how Congress makes laws, and review what Congress and the government has done - or not done - about eating disorders. For those who have participated in a previous EDC Lobby Day, this session is optional.

Tuesday, May 1, 2007

Message Training (8:30-10 am) Message Training is REQUIRED of everyone joining us for the EDC Lobby Day. We will cover the talking points for the day and will practice those messages in EDC Lobby Day teams. If you miss this brief session, you will not know your specific points nor your role in the team. A light breakfast will be served.

EDC Lobby Day (10:30-4:30) At the US Capitol, we work in small teams meeting with elected officials and their staff. No one will lobby alone. Lobby teams will arrive for each appointment, deliver a packet of materials, and talk about how Congress can help. Most importantly, each team member can share how an eating disorder has changed her or his life.
